1. Open a browser and go to the page [http://www.surgicalreview.org/](http://www.surgicalreview.org/)

2. Click the link “Register/Log In” on the top right of the page

3. Click the link “CLICK HERE TO REGISTER (NEW USERS)”

4. Read and scroll to the bottom of the Privacy Policy. Check the box and click “Continue” to indicate you have read it:

5. This will take you to “Create a Registered User.” In the User Credentials section, enter your desired username in the “Username” field and click Check Availability. If the name is available you may proceed, if it is not, you need to select another username. Once you have a valid username, enter your desired password in the “Password” field and enter it again in the “Confirm Password” field.
6. **Contact Information Section.** Fill in all information (required fields are noted with a red asterisk). Fill in as much as possible because you will be able to quick fill your account contacts using the information you’ve entered here.

7. **Select Client Section.** In this section, select which Client (Program) you are applying to or need access to. You can select as many as apply. Note: Minimally Invasive Surgery is a different program than Minimally Invasive Gynecology. Be sure to double check which client(s) you need access to.

8. **Confirm and Register Section.** Review your information for accuracy and check the box "My contact information is correct," and click "Create User and Log In."
